

UPLUS – LIFE PLUS (SOLAR TINTED FILM)

WHY IS IT GREEN?

Uplus has patented insulating materials and production methods to produce high-quality solar films. Insulating materials have long-term decaying properties to enable the solar film block IR rays and 100% UV rays while allowing visible light to pass through.

PRODUCT FEATURES

- 100% UV rays blocked, avoid fading/aging of furniture and wooden floors
- Reduce the chance of heat coming indoors and increasing comfort
- Reduce incoming heat to save the electricity consumption of air conditioners and lights.
- Warranty Provided: 5 Years.

Note: Damaged or delaminated films should be restored to meet minimum credit requirements before RVA (renewal of certification).

PRODUCT CERTIFICATION & COMPLIANCE

- SIRIM MS2669:2017 (AMD.1:2018)
- TUV SUD
- SGS
