

VENTCOOL SYSTEM

WHY IS IT GREEN?

Ventcool System Products specialize in shading, air-control products and accessories designed to suit your application.

PRODUCT FEATURES

While providing fresh air intake and exhaust, Ventcool System Louvers can also provide architectural style to building design. With the variety of models, sizes, and powder coated finishes available, Ventcool System Louvers can add unusual and appealing features to exterior and interior elevation. Ventcool System louvers are available in depths ranging from 1.5" to 12", and can accommodate various blade angles with high free area.
