

JOTASHIELD FLEX

WHY IS IT GREEN?

Jotashield Flex is a premium exterior elastomeric wall coating, specially formulated to cover and prevent hairline cracks and provides waterproofing protection up to 6 years Performance. It allows less repainting cycles and this reduces impact on the environment. Jotashield Flex reflects sunlight and therefore reduces temperature. This increase the comfort level and decrease the energy loaded to cool homes in the heat, ultimately reducing energy consumption.

The entire Jotashield range is also 100% free from harmful chemicals such as APEO, Formaldehyde and Heavy Metals.

PRODUCT FEATURES

- 2x UV Protected colours
